

All gray, green, & purple areas are open to the general public for parking on a Saturday, and all spots are a five minute walk or less from the contest building.

We are located in the Willet Science Center (Building #35 on the campus map). All contest venues will be inside the Willet Science Center, and check in will be on the lower level immediately upon entering. Handicapped parking is available right behind our building if needed.

Guests should input 1501 Mercer University Drive into their GPS then take the second entrance into campus on their left after going under the bridge. Access control gates on College Street will be up on a Saturday.
